POTOMAC LODGE OF I. O. O. F.-A very interesting meeting took place at the hall of Potomac Lodge, No. 38, L. O. O. F. last evening, the occasion being the installation of the officers of that Lodge. F. D. Stuart, D. G. S. assisted by C. B. R. Colledge Grand Master; W. R. McLean, G. Rep. to G. L. U. S. and other officers of the District of Columbia performed the coremonies, and installed Wm. Goodrich, Recording Secretary; Hugh Lath- by in this city "unhonored and unsung." Inam, Permanent Secretary; Jas. H. Devaughn, deed the festivities attendant upon what were Treasurer, and Thomas Whittington, Chaplain. George R. Head, Grand Master of Virginia, was present, and expressed his approbation of the proceedings. After the ceremonies at the ball, a large number of the brothers with their guests repaired to Mr. Henry Bringle's and partook of a bountiful repast of oysters, &c. Five regular toasts were reported, and were responded to by Messrs, Stuart, Melican, Colledge, Thaw and Uhler, W. R. McLean offered a toast to the Order in this jurisdiction, which was responded to by Hugh Latham, Permanent Secretary. A vote of thanks to the worthy host closed the proceedings, and all returned to their homes well pleased with what had transpired.

THE LOCAL NEWSPAPER. - We take the following from the New York Tribung. It is true, and we commend it to every one who has an interest in the place where he resides: "Nothing is more common than to hear people talk of what they pay for advertising, &c., as so much given in charity. Newspapers by enhancing the value of the property in the neighborhood and giving localities in which they are published a reputation abroad, benefit all such, particularly if they are merchants or real estate owners, thrice the amount yearly of the meagre sum they pay for their support. Besides every public spirited citizen should have a laudable pride of having a paper of which he is not ashamed, even though he should pick it up in New York or Washington. A good looking, thriving sheet helps property, gives a character to locality, and is in many respects a desirable public convenience. If from any cause the matter in the local or editorial col umn should not be to your standard, do not east it aside and pronounce it good for nothing, until satisfied that there has been no more labor bestowed upon it than is paid for. If you want a good readable sheet it must be supported not in a spirit of charity, either, but because you feel a necessity to support it. The local press is the power that moves the people."

COASTING TRADE. -At a recent meeting of the Vessel Owners and Masters' Association of New York, it was resolved to app'y to Congress for a law prohibiting compulsory pilotage upon coasting vessels. At the same meeting measures were taken to resist the charge made by Har bor Masters of a certain amount per ton, for their fees, as being unconstitutional. The question of compulsory pilotage and harbor fees will, it is said, be brought before the next session of the Virginia Legislature when that

FIRE. - The residence and stable on the farm of Mr. M. C. Munson, near Falls Church, Virginia, were wholly destroyed by fire yes terday morning. Some of the furniture, wagons, &c., were rescued from the flames. The loss will amount to several thousand dollars, and is not covered by insurance, a policy on the build ings having run out a few weeks since. Mr. Munson is a clerk in the Sixth Auditor's Office, and is a son of the late Mr. Munson, owner of the Munson Hill property.

MYSTERY SOLVED. - It was mentioned in yesterday's Gazette that blood stains were observed that morning on the east side walk of Fairfax street, between King and Prince streets, but that how they came there was a secret. It has now been ascertained that a man named John Cunniff, accidentally fell into the cellar of the burnt house in that locality on Thursday night last, and out his head so severely that the blood ran down to his feet and marked his tracks for a considerable distance.

THE BLOUSE CASE. - The special committee of the Common Council to whom was referred the petition of Sefer Blouse for a remission of fines imposed upon him as he alleges upon false testimony, met last night in the tax collector's office, to hear evidence in the case. Mr. Massey was the only member of the committee present, but several witnesses were examined. The report will be made to the Council next Tuesday night.

RIVER BOATS. -The steamer Cahill, whose trips between this city and Baltimore were prolonged a while after the other boats were withdrawn from the line, has also stopped running

for the winter. The I. P. Smith is on the ways in Baltimore undergoing repairs, and it is the wish of her owners to resume her trips during the latter

part of next month, DELIVERED ON A REQUISITION. - Mathew Scatt, the colored man who during a light on the night of the 9th of last month at Troy, in Charles county, Maryland, killed another colsted man named Rufus Dade, and who was deherred to day to special officer John R. Murtay, upon a requisition from the Governor of Baryland, to be taken to the jail at Port Tolates.

REMAINS OF MR. PEABODY. - The funeral train that is to convey the remains of the late George Peabody from Portland to Peabody is baggage car. In No. 77 the seats have been removed, and a raised dais, ten feet in length and two feet square, erected in the centre, covered with black velvet, bordered with silver braid, and festooned with massive silver fringe studled with silver rosettes and tassels. On this the casket is to rest. The car is lined with alternate stripes of black and white alpaca pendent from the centre of the monitor roof and looped back to the sides above the windows. At each end the " Cross of St. George' and the "Star Spangled Banner" are bung and are looped back in the same manner, covered with black crape so that the colors are dimly seen through it, while the air will be redolent with the perfume of choice flowers. A hand some carpet, in which black and green are appropriately blended, covers the floor. The splendid locomotive that bears the name of the dead will be used to convey the train to and from Portsmouth, New Hampshire, the junction of the Eastern and Portsmouth, Saco and Portland Railroad. From Portsmouth one of the engines of that road will be used, appropriately trimmed. The train will be met'at Beverly by the committee of the Salem City government, and escorted through the city limits to Peabody. The bells of the city are to be tolled from the time the train leaves Beverly until it arrives in Peabody. The monitor Terror having received her powder on board proceeded to the anchorage ground in 'President Roads' yesterday afternoon, where the screw steamer Alaska is now at anchor. Both vessels will sail for Portland to day.— The Monarch, the vessel that is bringing Mr. Peabody's remains, is expected daily. She will stop only a day or two in Portland, and will return at once under sail alone. She car ries a crew of 500 men.

THE EXORUS .- Two hundred colored people of both sexes and all sizes, took the Virginia & Tennessee cars at this place, yesterday, for the South. Two hundred more, who were same emigration is going forward from all parts of the State. Five hundred have left Farmville within the past month. A correspondent of the Richmond Whig offers the following explanation of this remarkable movement of the colored population :

"But the practical question which is causing this unusual exodus, is the bread and meat question. It is just simply impossible to supply the demand for food and clothing among the colo red race in Southside Virginia. The corn crop of 1869 was almost a failure in many localities. The small and inferior crops of tcbacco have been sold and the money spent in 1869. The farmer and planter cannot afford to give such wages as will support the colored nan with a family; and it requires no study of the theories of the science of political economy to convince our freedman that his interests demand that he shall find a home where his labor will pay.' -Richmond Journal.

Thomas Burton, of Baltimor city, was drowned at Richmond, Va., yesterlay.
